THE INNER BEAUTY OF

YOUR SKIN

MegaPeel[®] Microdermabrasion

Now you can minimize wrinkles, scars, sun damage and active acne without the pain and recuperative time of other cosmetic treatments. It is now possible to significantly improve the appearance of your skin with no downtime.

With a series of MegaPeel[®] customized Microdermabrasion treatments, you can achieve more beautiful skin without pain and irritation. The MegaPeel[®] program incorporates the most advanced Microdermabrasion technology for maximum results.

What is Microdermabrasion and the MegaPeel[®]?

Microdermabrasion is the most natural way to evenly and safely exfoliate the skin without chemicals or Laser and is one of the most requested non-invasive cosmetic procedures. MegaPeel[®] Microdermabrasion utilizes crystals to gently resurface superficial layers of the skin. When a more aggressive treatment is necessary, vacuum pressure can be increased to evenly penetrate deeper layers of the skin. MegaPeel[®]'s advanced technology, you can receive customized Microdermabrasion treatments to suit our specific skincare needs.

Who should consider the MegaPeel[®] program?

MegaPeel[®] is right for all skin types and for anyone interested in minimizing the appearance of: scarring, fine lines, wrinkles, pigmentation problems, uneven skin tones, dull, lifeless and sun-damaged skin.

Will I experience any discomfort during the treatment?

Initially, you may feel a very mild scratching sensation as the crystals make contact with the skin. As the treatments continue, this experience compares to a deep massage. Mild redness may occur for ½ hour to one day depending on the aggressiveness of the program.

How can I start the MegaPeel[®] Program?

First, make an appointment for a consultation with one of our MegaPeel[®] specialists who will customize your program. You will then begin to follow your skin care regimen, which will include a series of MegaPeel[®] Microdermabrasion treatments. The results? More beautiful skin.
